

NEWS AND VIEWS . . .

And What Have You

By BOB CRAIG

Well that time of year is here — the time when you wish that you had bought all of your Christmas presents last July. But if you are average, you still have a large number of people left on your unfilled list, and if you are a male you probably have not even started yet.

The worst part about shopping this time of the year is that the crowds are the thickest, the merchandise the shortest and tempers even shorter.

Let me suggest something that might solve part of the problem. Look for what you want in Hamlin **First**.

I am amazed how many people go into a local store and ask for something and say that they have tried to get it in Abilene, Sweetwater, Stamford, or somewhere else. Why they don't try to find it in the easiest place first I will never understand.

I can understand fighting the Christmas crowds in Abilene or elsewhere for something that you can not find locally, but why drive a 100 miles and bull your way through the mobs to buy something that you can buy from your neighbor right here in Hamlin.

There are a lot of reasons why you should shop at home such as the local merchants pay taxes to help educate your children, help provide many of the local facilities and conveniences that you take for granted. But to me the best reason is still the fact that it is just a whole lot easier.

to find a good excuse to go

For those of you that have been trying to find a good excuse to go deer hunting before the season ends let me suggest that you should go because it is your patriotic duty.

According to a story out of Austin by the Texas Parks and Wildlife Department the present record deer harvest pace must be continued to prevent rapidly deteriorating ranges from becoming a winter death trap for the overpopulated herds.

Wildlife Biologist Rod Marburger says that the fall dry weather caught the ranging with tremendous deer numbers, dating to the last two lush years.

"It's a far different situation now," he said, "The transformation has been so complete, that hunters will have to maintain 'limit' dimensions during the remainder of the season to effectively curtail the herds. Otherwise grave trouble is ahead."

The Department stressed that deer in most parts of the state still remain in prime condition since food is adequate for the present.

They hope sportsmen will respond and affect the maximum harvest in the name of sound conservation practices.

We have never cared for the use of Xmas for Christmas. Even though it is shorter and would fit in headlines better we try to keep it out of the paper.

But in case you have always wondered where the term started, it originated in the early Christian Church, according to World Book Encyclopedia. In Greek, X is the first letter of Christ's name. It is often used as a holy symbol.

As my wife says though, we still don't care for it and will stay with Christmas.

Because fire hazards increase at Christmas time we would like to suggest the following safety tips from Liberty Mutual Insurance Companies.

Christmas tree fires spread so quickly that a person should make sure the rest of family is out of the house and the fire department has been called before he tries to put the fire out.

Two weeks is the limit to keep a Christmas tree in the home, otherwise it reaches a dangerous stage of dryness—no matter how well it's treated against burning.

Anyone who thinks a metallic Christmas tree is perfectly safe could be in for a shock because frayed wiring against the metal boughs make the tree bristle with dangerous electrical energy.

Deck the halls with — anything, as long as it's flame proof. Many persons unwittingly place dry evergreen sprigs and branches on the wall near the fireplace.

Many persons go too far to add authenticity to their Christmas displays — cotton baiting for snow scenes, straw for manger scenes. Unless these are made flameproof, they represent a real fire hazard.

CORNET TRIO TO PERFORM — Practicing for "Bugler's Holiday," a number that features a cornet trio, are Band Director Tim Jones, James Knabel and John Osbourn. Guest director for this number will be Gary De Shazo, at right, president of Caldwell Music Co., Abilene. The annual band concert will be held at 7:30 p.m. Monday evening in the high school auditorium. Tickets are 75c per person and are still being sold by band members.

DPS Expects 47 to Die In Traffic Over Long Christmas Weekend

Austin — Forty-seven persons in Texas will be the focus of one of the most intensive traffic safety efforts ever to be expended during the Christmas holiday weekend, according to Department of Public Safety Director Col. Homer Garrison, Jr.

"The DPS will be concentrating its efforts more than ever in an attempt to make sure that the death toll of 47 persons is not reached," said Garrison. "This year has been the most terrible in Texas history in terms of lives lost and property damage, and we are working with other state agencies and organizations interested in safety in order to hold down this toll as much as possible."

"We are issuing a personal invitation to each motorist, asking every individual to join the battle, and it must be considered a battle, for traffic has claimed more lives than have been lost in all the wars in which we have been engaged."

"Operation Deathwatch" will be conducted from 6 p. m., Friday, December 23 through 11:59 p. m., Monday December 26, to focus attention on dangers involved in holiday travel. The present traffic trend indicates that 47 persons will die in traffic during this period.

The "Deathwatch" will resume for the New Year's weekend, beginning at 6 p. m., Friday, December 30, and continuing through 11:59 p. m., Monday, January 2. Indications for the New Year's period are that 36 persons will die in traffic accidents.

To supplement its enforcement activities, the DPS will place approximately 150 additional men from its other uniformed services on highway patrol duty. Every effort will be made to remove dangerous or irresponsible drivers from the highways for the safety of law-abiding motorists.

Traffic deaths will be tabulated at DPS headquarters in Austin, and reports will be issued to news media sources three times daily to show just how the "Countdown" stands. "Countdown boards" will be distributed to news media so that the public may stay informed on the traffic situation.

The Texas Safety Association is distributing a kit of "Holiday Safety Materials" and is stressing the need for courtesy and caution during the holiday period.

The Texas Highway Department is distributing reminders on danger spots, construction areas, and information on signs and markers to help keep drivers informed and alert.

The Texas Association of Broadcasters and the Southern Baptist Radio and Television Commission are cooperating in the distribution and use of radio announcements concerning safe driving practices.

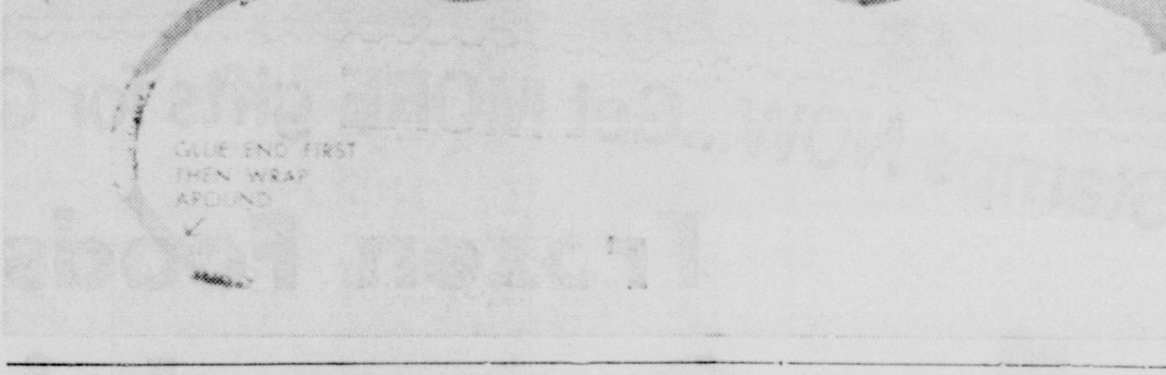

And the Texas Motor Transportation Association and the Council of Safety Supervisors are working with members of the trucking industry to promote safe driving practices and alertness during the holiday period.

FAIRVIEW NEWS...

By Mrs. Elmer Joiner
Winter has returned, the weather from Stamford reported 16 degrees early this Monday morning, the lowest of the season. No rain has fallen and none is in sight, although the clouds look blue and cold, could even look like snow.

Services were held Sunday morning, as usual, then Sunday night training union, after which it was decided to go to the First Baptist, at Hamlin, to hear the preacher that was there Sunday to preach in view of a call for pastor. Since most of our members are planning on being in that church soon, they were also interested in hearing him.

Since last week was the time set for the Christmas parties at Abilene State School, the Friendship Home Demonstration Club went for their party Tuesday afternoon, for cottage 35, which is comprised of 57 women. The attendant for the ward reported that this is full capacity. Monday afternoon the club members met at Mrs. Runt McCoy's and pooled all of our cookies, candy and gum, filling a plastic bag for each one with goodies to eat, then putting a prize in each bag. You have to take part in something like that to know what a blessing you can receive from going down there and doing something to make those poor unfortunate

women happy. Those attending this year were, Mmes. McCoy, Brewer, Gardner, Joiner, Johnson, R. M. Young, and two visitors, Mrs. Marshall Stewart and Marsha.

The Friendship Club has sponsored one of the women, in the State School, for ten years or more, so we got busy early in the year and raised the money to buy her a nice transistor radio for Christmas, which we carried and left, to be given her Christmas morning. If Sissy, as she is known to her friends down there, enjoys it as much as the club did making the money for it and buying it, it will certainly have been worthwhile.

John Beauchamp had surgery in Anson General Hospital, last Monday, for removal of his gall bladder. From reports heard he is doing fine.

Mr. and Mrs. Winson Gray, Mr. and Mrs. Woodrow Goodwin, went to Sylvester Saturday night, to see Mrs. Babb, and reported her as being well on the road to recovery from her wreck.

Sunday afternoon, the Fred Rosenbaums went to Sylvester to see the new Leverett baby, Kerry Kay, who was born Dec. 4. They also visited with Mrs. Babb, who is a next door neighbor of the Leveretts.

The three brothers and one sister of the Joiner family, met last week in the home of the oldest brother, Mr. and

Mrs. Elmer Joiner, for a family reunion, over the latter part of the week. Oliver Joiner arrived from Brawley, Calif. Wednesday, Mrs. Henry Kee came down from Lubbock Thursday, Sonny Joiner arrived Friday, at noon, from San Antonio. Since it was not a time of sorrow, as is often the case, and wholly unplanned, being a spur of the moment thing after the brother, Oliver, who has been in rather poor health for some time, came in from California, everyone had a wonderful time visiting and reminiscing. They left for their different homes Sunday morning.

Saturday afternoon the Joiner's all went to Abilene where they visited with their cousin, Mrs. Carl Miller and Mr. Miller.

Another new car showed up at church Sunday morning, Mr. and Mrs. H. L. Ford driving a new Dodge. We wonder who will be next?

The Elmer Joiners must have been real good this year, for when we arrived home last Monday afternoon, at different times, we found a colored television set being installed in our home, the compliments of Santa Claus. We always did believe there was really a Santa Claus and now we know there is.

Mr. and Mrs. E. A. Henry went to Aspermont, Saturday night, where they attended the wedding of her sister, Mrs. Lois Stuart to Mr. Ross Gimon, who has been a resident of Calif. They were married in the home of a niece of the two sisters, Mrs. Leonard Branch, Aspermont. Mrs. Stuart and Mr. Gimon were sweethearts forty years ago, each having been married to someone else and rearing families, but after being left alone they got together again and decided to get married.

Sunday afternoon Mr. and Mrs. Henry went to Rule to visit a sister-in-law, Mrs. Mary Sue Henry, who recently had gall bladder surgery. Mr. and Mrs. Woodrow Goodwin visited Mr. Emmitt Chastain in Hamlin Hospital Sunday afternoon. Mr. Chastain lives in Stamford, but was transferred from Breckinridge Hospital, where he had been since suffering a heart attack in that area.

Mr. and Mrs. H. L. Ford were Sunday afternoon visitors of the Doyle McKinnons, in Hamlin Sunday afternoon.

Mr. and Mrs. Joe Ford went from church to Abilene, Sunday, where they took lunch with Mr. and Mrs. David Ford.

Rev. and Mrs. Patillo and children, Mr. and Mrs. Woodrow Goodwin and Linda, were Sunday guests of the Winson Grays for the noonday meal.

The Protecting LIGHT

This lighted tower is a light shining in the darkness to guide sailors and ships through the night. Our Lord is our light who guides us faithfully through life, even though it be as a stormy sea — He knows the way. His word, as proclaimed in His church, will light your way and bring peace, joy and comfort. "Thy word is a lamp unto my feet, and a light unto my path." Psalm 119:105.

Attend the church of your choice this coming Sunday and receive the blessings awaiting you.

The Church is God's appointed agency in this world for spreading the knowledge of His love for man and of His demand for man to respond to that love by loving his neighbor. Without this grounding in the love of God, no government or society or way of life will long persevere and the freedoms which we hold so dear will inevitably perish. Therefore, even from a selfish point of view, one should support the Church for the sake of the welfare of himself and his family. Beyond that, however, every person should uphold and participate in the Church because it tells the truth about man's life, death and destiny; the truth which alone will set him free to live as a child of God.

Neinda Philosopher Claims It's Much Easier To Live Within Your Budget Than Your Income

Editor's note: The Neinda Philosopher on his Johnson grass farm on Route 1 must be having budgetary troubles, his letter this week indicates. Dear editor:

Four different columnists in four different newspapers I've picked up out here in the last

few days have been having a lot of fun denouncing Washington for making what they call a "10 billion dollar error" in estimating the military budget for this year.

As I understand it, the original estimate said it would take 10 billion dollars extra to support the military operations this year, but it's turning out that 20 billion will be closer. The columnists think this is outrageous, and I suppose it is.

However, it would be interesting to hear how these columnists have come out this year with their own personal budgets.

If they're anything like mine, I don't blame them for lambasting Washington. Anything to get the spotlight off

theirs. There's just something about prosperity that makes it harder and harder to stay within a budget.

In this day and time, the best way I've found to stay within your own budget estimate is to make it about twice what you expect your income to be. There's something about financing a family, the same as financing a war, that never pays any attention to what you put down on paper at the start of a year. When you least expect it, a kid breaks a bone or a car blows a gasket or an aircraft carrier catches on fire.

As a matter of fact, if everybody had to pay his debts tomorrow, including individuals, corporations, towns, schools, counties, states, the Federal

government and all foreign countries, there's no telling how many doors would have to close, but it would be a lot easier to count those staying open.

I'm not excusing Washington for making a 10 Billion dollar error, if that's what it is, but if it can get the support of every voter who has ever exceeded his budget, it'll stay in

office from now on.
Yours faithfully,
J. A.

STATE CAPITAL Highlights AND Sidelights

by Vern Sanford
TEXAS PRESS ASSOCIATION

Austin — A bond-financing program for \$82,000,000 to acquire and develop state parks is talked by Gov. John Connally.

This would increase the present 60,000 acres in parks to 150,960 by 1979. It would emphasize water-oriented outdoor recreation facilities, along

use."

Forty-four significant, historic sites (5,565 acres) "to complete a tourist network of interesting sightseeing stops."

Connally proposes a Constitutional Amendment to authorize a \$75,000,000 bond issue over a 10-year period.

Bonds would be repaid from park entry fees of not less than \$1 a car per trip. Another \$7,000,000 in federal aid is foreseen.

While Texas population has increased 62 per cent during the last 20 years and park use is expected to more than double by 1990, the number and size of state parks has remained unchanged.

Executive plan, proposing parks of 1,000 to 5,000 acres, advocates coordinations of land buying with construction of major reservoirs under the Texas water plan.

Although the exact location of 26 outdoor recreation areas, backbone of new system, has not been pinpointed, the governor's plan recommends the following distribution:

Region 1: (Lubbock and Amarillo areas) two parks, 3,500 acres.

Region 2: (East Texas, Dallas, Fort Worth, Texarkana and Waco) seven parks, 13,000 acres.

Region 3: (Upper Gulf Coast, Houston, Beaumont, Port Arthur and Victoria areas) nine parks, 24,500 acres.

Region 4: (San Antonio, Austin, Hill Country areas) five parks, 11,000 acres.

Region 5: (West Texas, Abilene, San Angelo, Midland and Odessa areas) one park, 1,000 acres.

Region 6: (El Paso area) one park, 5,000 acres.

Region 7: (Rio Grande Valley, Corpus Christi, Brownsville and Harlingen areas) one park, 3,000 acres.

Governor's proposed budget for the Parks-Wildlife Department for 1968-69 totaled \$26,000,000. This is an increase of \$6,700,000 over the present \$19,300,000.

Tax or Not To Tax? — Lt. Gov. Preston Smith disagrees with Governor Connally's forecast that new state taxes are inevitable.

Legislative Budget Board's spending recommendations for 1968-69 are based on an anticipated \$850,000,000 in general revenue from present levies, plus the balance on hand at the start of the next fiscal period. That would permit a spending increase of nearly \$220,000,000.

Connally's spending recommendations are some \$120,000,000 above the board's

Appointments Announced — Burton G. Hackney, 59, Brownfield attorney and chairman of the State Board of Public Welfare for eight years, was chosen by the board to succeed the late John H. Winters as welfare commissioner.

Herbert C. Wilson, assistant commissioner, will head the department pending Hackney's move to Austin.

Joe D. Carter, Texas Water Rights Commission chairman and former Sherman legislator, was named chairman of Water Problems at a meeting of the Interstate Conference on in Phoenix.

E. G. Morrison, Austin, was appointed to the University of Texas Development Board. Governor Connally's top aide, Larry Temple, announced at the freshman legislator's orientation school that the governor soon will name a new press secretary. Post has been vacant since George Christian joined President Johnson's staff.

Hood Bid Rejected — After a stormy hearing Texas Aeronautics Commission rejected Hood Airlines' request for authority to use DC-3 type planes on its Killeen-to-Dallas

NEWS AND VIEWS . . .

And What Have You

By BOB CRAIG

Well that time of year is here — the time when you wish that you had bought all of your Christmas presents last July. But if you are average, you still have a large number of people left on your unfilled list, and if you are a male you probably have not even started yet.

The worst part about shopping this time of the year is that the crowds are the thickest, the merchandise the shortest and tempers even shorter.

Let me suggest something that might solve part of the problem. Look for what you want in Hamlin First.

I am amazed how many people go into a local store and ask for something and say that they have tried to get it in Abilene, Sweetwater, Stamford, or somewhere else. Why they don't try to find it in the easiest place first I will never understand.

I can understand fighting the Christmas crowds in Abilene or elsewhere for something that you can not find locally, but why drive a 100 miles and bull your way through the mobs to buy something that you can buy from your neighbor right here in Hamlin.

There are a lot of reasons why you should shop at home such as the local merchants pay taxes to help educate your children, help provide many of the local facilities and conveniences that you take for granted. But to me the best reason is still the fact that it is just a whole lot easier.

to find a good excuse to go

For those of you that have been trying to find a good excuse to go deer hunting before the season ends let me suggest that you should go because it is your patriotic duty.

According to a story out of Austin by the Texas Parks and Wildlife Department the present record deer harvest pace must be continued to prevent rapidly deteriorating ranges from becoming a winter death trap for the overpopulated herds.

Wildlife Biologist Rod Marburger says that the last dry weather caught the ranges with tremendous deer numbers, dating to the last two lush years.

"It's a far different situation now," he said, "The transformation has been so complete, that hunters will have to maintain 'limit' dimensions during the remainder of the season to effectively curtail the herds. Otherwise grave trouble is ahead."

The Department stressed that deer in most parts of the state still remain in prime condition since food is adequate for the present.

They hope sportsmen will respond and affect the maximum harvest in the name of sound conservation practices.

We have never cared for the use of Xmas for Christmas. Even though it is shorter and would fit in headlines better we try to keep it out of the paper.

But in case you have always wondered where the term started, it originated in the early Christian Church, according to World Book Encyclopedia. In Greek, X is the first letter of Christ's name. It is often used as a holy symbol.

As my wife says though, we still don't care for it and will stay with Christmas.

Because fire hazards increase at Christmas time we would like to suggest the following safety tips from Liberty Mutual Insurance Companies.

Christmas tree fires spread so quickly that a person should make sure the rest of family is out of the house and the fire department has been called before he tries to put the fire out.

Two weeks is the limit to keep a Christmas tree in the home, otherwise it reaches a dangerous stage of dryness—no matter how well it's treated against burning.

Anyone who thinks a metallic Christmas tree is perfectly safe could be in for a shock because frayed wiring against the metal boughs make the tree bristle with dangerous electrical energy.

Deck the halls with — anything, as long as it's flame proof. Many persons unwittingly place dry evergreen sprigs and branches on the wall near the fireplace.

Many persons go too far to add authenticity to their Christmas displays — cotton batting for snow scenes, straw for manger scenes. Unless these are made flameproof, they represent a real fire hazard.

Pipers In Knox City Tourney, Play Munday

The Pipers will meet Monday tonight (Thursday) in the first round of the Olympic style Knox City Invitational Tournament at 5:45.

The Pipers will play Knox City at 8:15 on Friday and Throckmorton at 5:45 on Saturday.

The four team tourney pits all four teams against each other with the winner being the one with the best three game record. In case of a tie, the winner will be determined by the most aggregate points in the meet.

Trophies will be awarded to the first and second places.

Cantata, 'Glory To God,' Planned Sunday Evening

The combined choirs of First Baptist Church will present a Christmas cantata, "Glory to God" by J. T. Adams, Sunday evening at 7:15.

The church, chapel and carol choirs will be directed by Bill Keck.

Wednesday the elementary age group, the celestial choir and cherub choir, will present a program and the carol choir, junior age group, will present a cantata, "Lo! A Star" by Robert Graham.

The carol choir will go to Clyde to sing for a Laymen's revival service Friday evening in the First Baptist Church. The choir sang for Rotary Club Wednesday.

Only one service will be held Sunday, Dec. 25, a worship service at 10 a.m.

Jones County TB Seal Sales Ahead Of Last Year

The total sales for the Jones County Tuberculosis Association during the first 20 day period has exceeded the amount at the same time last year. The total for the county is now \$1238.54 as compared to \$1168 for last year.

Hamlin is leading the county with \$417.50 being contributed for the Christmas Seals and \$56.54 being given at the schools in the bangle sale.

Stamford is next with \$409.50. Other towns and their contributions are Anson, \$220; Avoca, \$37; Hawley, \$35; and Lueders, \$53;

CORNET TRIO TO PERFORM — Practicing for "Bugler's Holiday," a number that features a cornet trio, are Band Director Tim Jones, James Knabel and John Osbourn. Guest director for this number will be Gary De Shazo, at right, president of Calawell Music Co., Abilene. The annual band concert will be held at 7:30 p.m. Monday evening in the high school auditorium. Tickets are 75c per person and are still being sold by band members.

F and M Bank Makes Plans for Remodeling

Plans for the complete remodeling of the Farmers and Merchants National Bank building were announced this week by Floyd Clifton, president. Work on the \$25,000.00 remodeling job is expected to get underway about the middle of January.

Among the major changes in the bank facilities will be to move the entrance around to the south side of the building with two private offices on the east end where the present entrance is now located. A new drive-in banking department will be added on the alley at rear of the building.

The building will be completely redone both on the inside and out. New teller facilities will be constructed and a coffee bar will be added in the rear of the building.

Clifton said that the new arrangement of the building will offer the bank's customers more convenience and will provide a separate waiting area for the loans and discount department.

The bank will continue to operate during the remodeling, according to Clifton. The work is expected to take from about 60 to 90 days to complete.

Cub Pack Meeting Re-set Tuesday

The Cub Scout Pack meeting will be held Tuesday, Dec. 20, instead of the regular third Monday meeting date to prevent a conflict with the band concert.

Each Cub is to bring a gift worth about 50c for the gift exchange.

Refreshments will be served by Den Eight and Den Nine. Mrs. Monroe E. Tabb and Mrs. Dan Truelove are the Den Mothers. They will be assisted by other mothers of the Cubs in these dens.

Primary to Give Annual Christmas Program Sunday

The annual Christmas Pageant presented by students in the first, second and third grades will be held at 3 p.m. in the Hamlin Junior High School auditorium.

The pageant is directed by Mrs. Willard Maberry, public school music teacher. It is sponsored each year by the Hamlin Elementary Parent-Teachers Association.

Merchants Get Ready For Yule Rush; Closing Later

With only nine more shopping days to Christmas, many Hamlin merchants are remaining open tonight (Thursday) until 9 p.m. Several businesses are advertising special prices and promotions from 7 to 9 p.m.

DPS Expects 47 to Die In Traffic Over Long Christmas Weekend

Austin — Forty-seven persons in Texas will be the focus of one of the most intensive traffic safety efforts ever to be expended during the Christmas holiday weekend, according to Department of Public Safety Director Col. Homer Garrison, Jr.

"The DPS will be concentrating its efforts more than ever in an attempt to make sure that the death toll of 47 persons is not reached," said Garrison. "This year has been the most terrible in Texas history in terms of lives lost and property damage, and we are working with other state agencies and organizations interested in safety in order to hold down this toll as much as possible."

"We are issuing a personal invitation to each motorist, asking every individual to join the battle, and it must be considered a battle, for traffic has claimed more lives than have been lost in all the wars in which we have been engaged."

"Operation Deathwatch" will be conducted from 6 p. m., Friday, December 23 through 11:59 p. m., Monday December 26, to focus attention on dangers involved in holiday travel. The present traffic trend indicates that 47 persons will die in traffic during this period.

The "Deathwatch" will resume for the New Year's weekend, beginning at 6 p. m., Friday, December 30, and continuing through 11:59 p. m., Monday, January 2. Indications for the New Year's period are that 36 persons will die in traffic accidents.

To supplement its enforcement activities, the DPS will place approximately 150 additional men from its other uniformed services on highway patrol duty. Every effort will be made to remove dangerous or irresponsible drivers from the highways for the safety of law-abiding motorists.

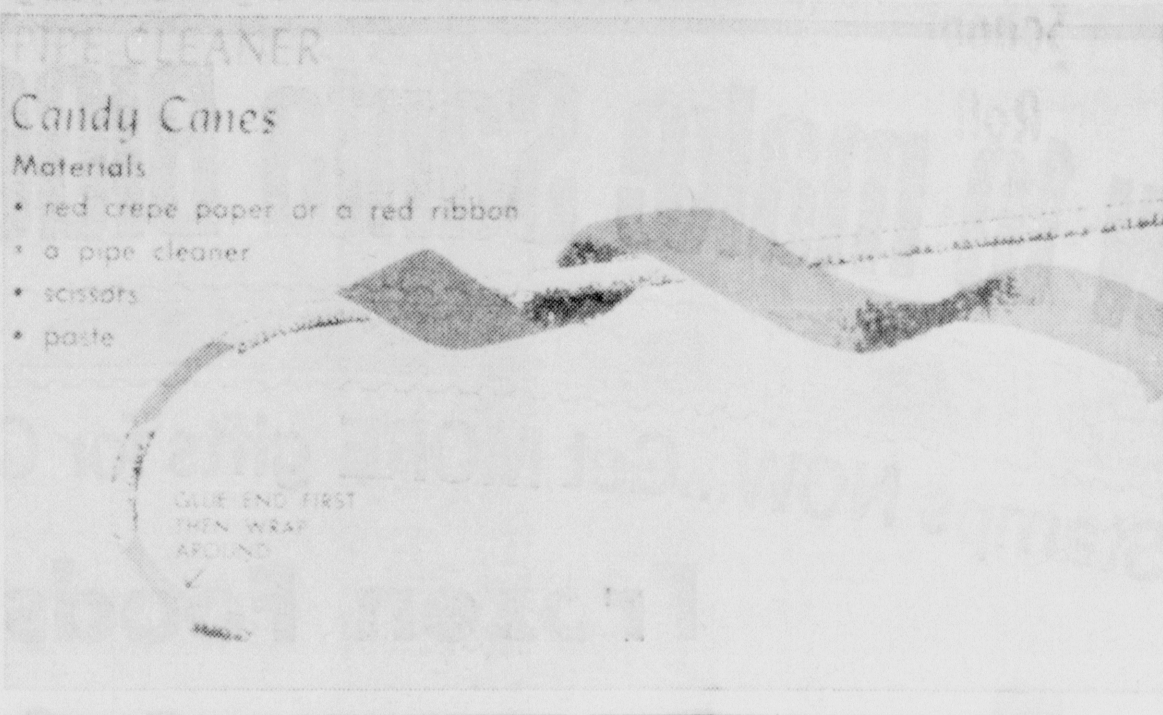

Traffic deaths will be tabulated at DPS headquarters in Austin, and reports will be issued to news media sources three times daily to show just how the "Countdown" stands. "Countdown boards" will be distributed to news media so that the public may stay informed on the traffic situation.

The Texas Safety Association is distributing a kit of "Holiday Safety Materials" and is stressing the need for courtesy and caution during the holiday period.

The Texas Highway Department is distributing reminders on danger spots, construction areas, and information on signs and markers to help keep drivers informed and alert.

The Texas Association of Broadcasters and the Southern Baptist Radio and Television Commission are cooperating in the distribution and use of radio announcements concerning safe driving practices.

And the Texas Motor Transportation Association and the Council of Safety Supervisors are working with members of the trucking industry to promote safe driving practices and alertness during the holiday period.

FAIRVIEW NEWS...

By Mrs. Elmer Joiner
Winter has returned, the weather from Stamford reported 16 degrees early this Monday morning, the lowest of the season. No rain has fallen and none is in sight, although the clouds look blue and cold, could even look like snow.

Services were held Sunday morning, as usual, then Sunday night training union, after which it was decided to go to the First Baptist, at Hamlin, to hear the preacher that was there Sunday to preach in view of a call for pastor. Since most of our members are planning on being in that church soon, they were also interested in hearing him.

Since last week was the time set for the Christmas parties at Abilene State School, the Friendship Home Demonstration Club went for their party Tuesday afternoon, for cottage 35, which is comprised of 57 women. The attendant for the ward reported that this is full capacity. Monday afternoon the club members met at Mrs. Runt McCoy's and pooled all of our cookies, candy and gum, filling a plastic bag for each one with goodies to eat, then putting a prize in each bag. You have to take part in something like that to know what a blessing you can receive from going down there and doing something to make those poor unfortunate

women happy. Those attending this year were, Mmes. McCoy, Brewer, Gardner, Joiner, Johnson, R. M. Young, and two visitors, Mrs. Marshall Stewart and Marsha.

The Friendship Club has sponsored one of the women, in the State School, for ten years or more, so we got busy early in the year and raised the money to buy her a nice transistor radio for Christmas, which we carried and left, to be given her Christmas morning. If Sissy, as she is known to her friends down there, enjoys it as much as the club did making the money for it and buying it, it will certainly have been worthwhile.

John Beauchamp had surgery in Anson General Hospital, last Monday, for removal of his gall bladder. From reports heard he is doing fine.

Mr. and Mrs. Winson Gray, Mr. and Mrs. Woodrow Goodwin, went to Sylvester Saturday night, to see Mrs. Babb, and reported her as being well on the road to recovery from her wreck.

Sunday afternoon, the Fred Rosenbaums went to Sylvester to see the new Leverett baby, Kerry Kay, who was born Dec. 4. They also visited with Mrs. Babb, who is a next door neighbor of the Leveretts.

The three brothers and one sister of the Joiner family, met last week in the home of the oldest brother, Mr. and

Mrs. Elmer Joiner, for a family reunion, over the latter part of the week. Oliver Joiner arrived from Brawley, Calif. Wednesday, Mrs. Henry Kee came down from Lubbock Thursday, Sonny Joiner arrived Friday, at noon, from San Antonio. Since it was not a time of sorrow, as is often the case, and wholly unplanned, being a spur of the moment thing after the brother, Oliver, who has been in rather poor health for some time, came in from California, everyone had a wonderful time visiting and reminiscing. They left for their different homes Sunday morning.

Saturday afternoon the Joiner's all went to Abilene where they visited with their cousin, Mrs. Carl Miller and Mr. Miller.

Another new car showed up at church Sunday morning, Mr. and Mrs. H. L. Ford driving a new Dodge. We wonder who will be next?

The Elmer Joiners must have been real good this year, for when we arrived home last Monday afternoon, at different times, we found a colored television set being installed in our home, the compliments of Santa Claus. We always did believe there was really a Santa Claus and now we know there is.

Mr. and Mrs. E. A. Henry went to Aspermont, Saturday night, where they attended the wedding of her sister, Mrs. Lois Stuart to Mr. Ross Gimon, who has been a resident of Calif. They were married in the home of a niece of the two sisters, Mrs. Leonard Branch, Aspermont. Mrs. Stuart and Mr. Gimon were sweethearts forty years ago, each having been married to someone else and rearing families, but after being left alone they got together again and decided to get married.

Sunday afternoon Mr. and Mrs. Henry went to Rule to visit a sister-in-law, Mrs. Mary Sue Henry, who recently had gall bladder surgery.

Mr. and Mrs. Woodrow Goodwin visited Mr. Emmitt Chastain in Hamlin Hospital Sunday afternoon. Mr. Chastain lives in Stamford, but was transferred from Breckenridge Hospital, where he had been since suffering a heart attack in that area.

Mr. and Mrs. H. L. Ford were Sunday afternoon visitors of the Doyle McKinnons, in Hamlin Sunday afternoon.

Mr. and Mrs. Joe Ford went from church to Abilene, Sunday, where they took lunch with Mr. and Mrs. David Ford.

Rev. and Mrs. Patillo and children, Mr. and Mrs. Woodrow Goodwin and Linda, were Sunday guests of the Winson Grays for the noonday meal.

The Protecting LIGHT

This lighted tower is a light shining in the darkness to guide sailors and ships through the night. Our Lord is our light who guides us faithfully through life, even though it be as a stormy sea—He knows the way. His word, as proclaimed in His church, will light your way and bring peace, joy and comfort.

"Thy word is a lamp unto my feet, and a light unto my path." Psalm 119:105.

Attend the church of your choice this coming Sunday and receive the blessings awaiting you.

The Church is God's appointed agency in this world for spreading the knowledge of His love for man and of His demand for man to respond to that love by loving his neighbor. Without this grounding in the love of God, no government or society or way of life will long persevere and the freedoms which we hold so dear will inevitably perish. Therefore, even from a selfish point of view, one should support the Church for the sake of the welfare of himself and his family. Beyond that, however, every person should uphold and participate in the Church because it tells the truth about man's life, death and destiny; the truth which alone will set him free to live as a child of God.

Neinda Philosopher Claims It's Much Easier To Live Within Your Budget Than Your Income

Editor's note: The Neinda Philosopher on his Johnson grass farm on Route 1 must be having budgetary troubles, his letter this week indicates. Dear editor:

Four different columnists in four different newspapers I've picked up out here in the last

run. Trans-Texas and Braniff Airways opposed Hood's request.

TAC said no new facts were developed to warrant changing its policy limiting commuter airlines to planes under 12,500 pounds.

Hood serves Fort Hood and also has flights to McGregor, Mineral Wells, Breckenridge, Houston, Dallas and Fort Worth.

few days have been having a lot of fun denouncing Washington for making what they call a "10 billion dollar error" in estimating the military budget for this year.

As I understand it, the original estimate said it would take 10 billion dollars extra to support the military operations this year, but it's turning out that 20 billion will be closer. The columnists think this is outrageous, and I suppose it is.

However, it would be interesting to hear how these columnists have come out this year with their own personal budgets.

If they're anything like mine, I don't blame them for lambasting Washington. Anything to get the spotlight off

theirs. There's just something about prosperity that makes it harder and harder to stay within a budget.

In this day and time, the best way I've found to stay within your own budget estimate is to make it about twice what you expect your income to be. There's something about financing a family, the same as financing a war, that never pays any attention to what you put down on paper at the start of a year. When you least expect it, a kid breaks a bone or a car blows a gasket or an aircraft carrier catches on fire.

As a matter of fact, if everybody had to pay his debts tomorrow, including individuals, corporations, towns, schools, counties, states, the Federal

government and all foreign countries, there's no telling how many doors would have to close, but it would be a lot easier to count those staying open.

I'm not excusing Washington for making a 10 Billion dollar error, if that's what it is, but if it can get the support of every voter who has ever exceeded his budget, it'll stay in

office from now on.
Yours faithfully,
J. A.

STATE CAPITAL Highlights AND Sidelights by Vern Sanford

TEXAS PRESS ASSOCIATION

Austin — A bond-financing program for \$82,000,000 to acquire and develop state parks is talked by Gov. John Connally.

This would increase the present 60,000 acres in parks to 150,960 by 1979. It would emphasize water-oriented outdoor recreation facilities, along

with executive budget proposals, for the Parks and Wildlife Department, 1968-69.

Plans call for: Twenty-six water-based recreation areas of 61,000 acres in seven regions.

Twenty scenic and unique areas covering 84,966 acres for "passive and educational

use." Forty-four significant, historic sites (5,565 acres) "to complete a tourist network of interesting sightseeing stops."

Connally proposes a Constitutional Amendment to authorize a \$75,000,000 bond issue over a 10-year period.

Bonds would be repaid from park entry fees of not less than \$1 a car per trip. Another \$7,000,000 in federal aid is foreseen.

While Texas population has increased 62 per cent during the last 20 years and park use is expected to more than double by 1990, the number and size of state parks has remained unchanged.

Executive plan, proposing parks of 1,000 to 5,000 acres, advocates coordinations of land buying with construction of major reservoirs under the Texas water plan.

Although the exact location of 26 outdoor recreation areas, backbone of new system, has not been pinpointed, the governor's plan recommends the following distribution:

Region 1: (Lubbock and Amarillo areas) two parks, 3,500 acres.

Region 2: (East Texas, Dallas, Fort Worth, Texarkana and Waco) seven parks, 13,000 acres.

Region 3: (Upper Gulf Coast, Houston, Beaumont, Port Arthur and Victoria areas) nine parks, 24,500 acres.

Region 4: (San Antonio, Austin, Hill Country areas) five parks, 11,000 acres.

Regional 5: (West Texas Abilene, San Angelo, Midland and Odessa areas) one park, 1,000 acres.

Region 6: (El Paso area) one park, 5,000 acres.

Region 7: (Rio Grande Valley, Corpus Christi, Brownsville and Harlingen areas) one park, 3,000 acres.

Governor's proposed budget for the Parks-Wildlife Department for 1968-69 totaled \$26,000,000. This is an increase of \$6,700,000 over the present \$19,300,000.

Tax or Not To Tax? — Lt. Gov. Preston Smith disagrees with Governor Connally's forecast that new state taxes are inevitable.

Legislative Budget Board's spending recommendations for 1968-69 are based on an anticipated \$850,000,000 in general revenue from present levies, plus the balance on hand at the start of the next fiscal period. That would permit a spending increase of nearly \$220,000,000.

Connally's spending recommendations are some \$120,000,000 above the board's.

Appointments Announced — Burton G. Hackney, 59, Brownfield attorney and chairman of the State Board of Public Welfare for eight years, was chosen by the board to succeed the late John H. Winters as welfare commissioner.

Herbert C. Wilson, assistant commissioner, will head the department pending Hackney's move to Austin.

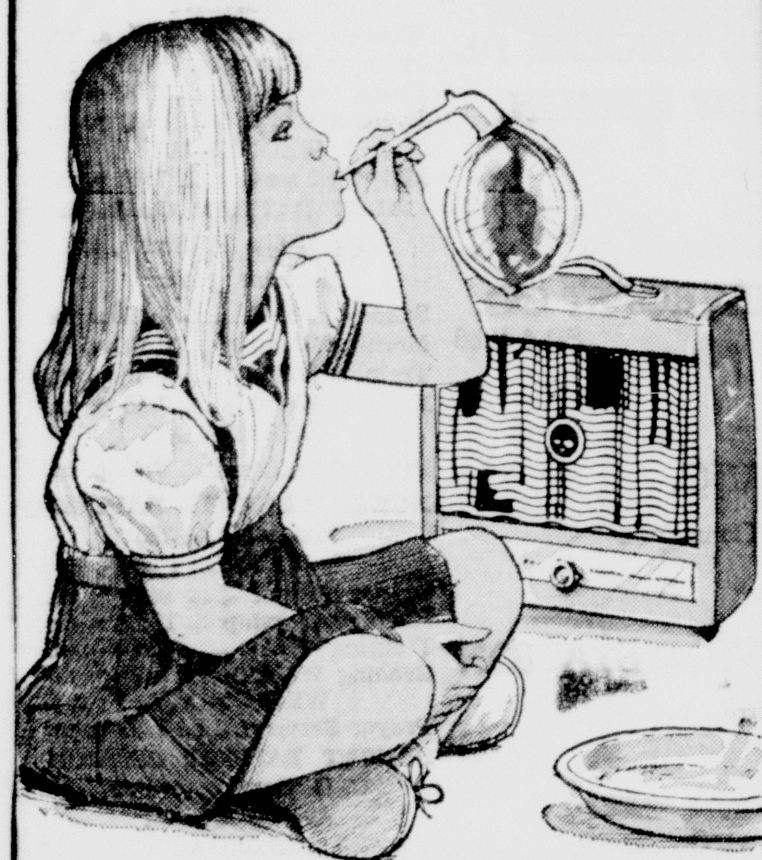

Joe D. Carter, Texas Water Rights Commission chairman and former Sherman legislator, was named chairman of Water Problems at a meeting the Interstate Conference on in Phoenix.

E. G. Morrison, Austin, was appointed to the University of Texas Development Board.

Governor Connally's top aide, Larry Temple, announced at the freshman legislator's orientation school that the governor soon will name a new press secretary. Post has been vacant since George Christian joined President Johnson's staff.

Hood Bid Rejected — After a stormy hearing Texas Aeronautics Commission rejected Hood Airlines' request for authority to use DC-3 type planes on its Killeen-to-Dallas
